FOR IMMEDIATE RELEASE

EFC International Announces Opening of Research and Development Tech Center in Detroit

St. Louis, Missouri – October 10, 2011. EFC International is pleased to announce the opening of a new Research and Development Tech Center in the Detroit area. The Detroit office will serve to enhance EFC’s support and meet the requirements of EFC customers, primarily in the automotive industry, but also special markets and distribution.

Doug Adams, owner, states “EFC continues to invest in people and facilities to support its growth. The Detroit office will make an immediate impact for suppliers and customers and fills a critical role for engineering excellence. The Tech Center staff offers experience, commitment and product knowledge appreciated by customers and suppliers.”

The Research and Development Tech Center is located at 6785 Telegraph Road, Suite 300, Bloomfield Hills, Michigan; the phone number is 248-792-5281. This added strategic location ensures EFC’s personal support to automotive, as well as, distributor accounts.

Through strategic partnerships with ITW Shakeproof, ITW CIP, TRW, A Raymond Tinnerman, ITW Motion, Oetiker, Atlas, and many more, EFC International is a leading provider and world-class supplier of specialty metal, plastic, electrical and assembled components.
