Snap-In Ratcheting Strain Relief

Makes Assembly A Snap!

Features and Benefits:

- Assembly friendly! Independent of insertion into the panel, the Ratcheting Strain Relief self-locks onto the cable. It may be preassembled off-line for final assembly at a later time or remote location for lower installed cost.
- Installs easily with fingertip pressure into a standard round or Double “D” hole.
- Available for hole size .875 with .770 flats. Contact EFC for additional sizes.
- Unique wire locking ratchet allows for generous wire range from .115” (2.9mm) to .575” (14.6mm).
- Can be used for one cable or multiple cables (round or flat wire).
- UL recognized under file E15331.

Applications:

- Wire Harness Manufacturers
- Aeronautical/Aerospace
- Computers and Related Equipment
- Household Appliances
- Telecommunications
- Industrial Equipment
- Automotive
- Medical Equipment
- Motors & Generators
- Scientific & Other Instruments
