

METAL RIBLOK®

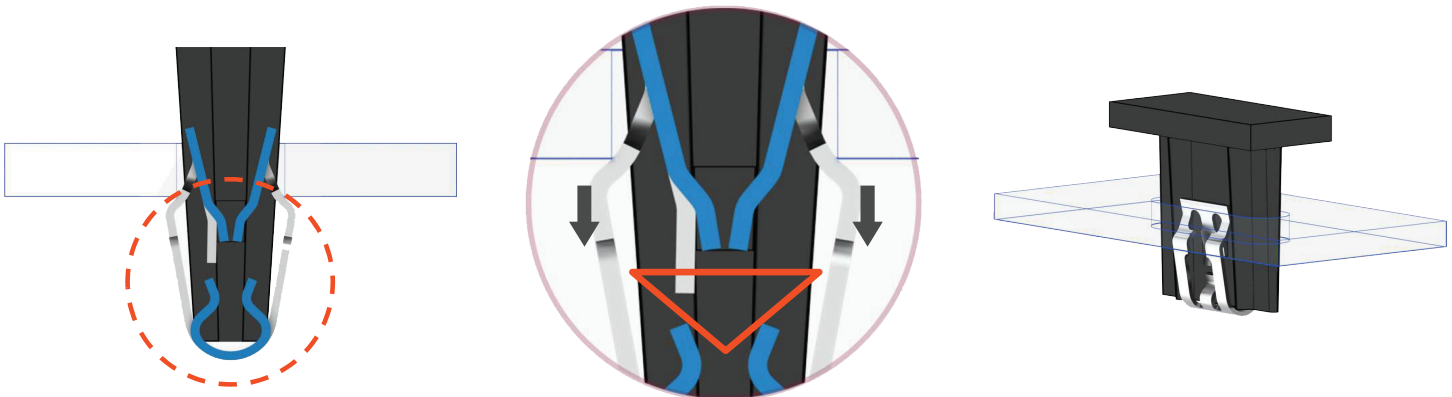

A reusable fastener with repeatable setup enabling closely positioned assembly of both plastic and metal panels

FEATURES & BENEFITS

- ▶ **DIRECT PULL REUSABILITY**
Enables component service without performance degradation in metal slots.
- ▶ **FASTENER STANDARDIZATION**
Allows for a common fastener in multiple setup heights and material substrates. Alternative to plastic RibLok for metal panel applications.
- ▶ **PRECISION / CONSISTENCY**
Maintains a consistent assembly setup height after repeated use by fastening onto a windowed rib.
- ▶ **LOW PROFILE SIZE**
Requires less packaging space compared to other trim clip designs.
- ▶ **BLIND PRE-ASSEMBLY**
Installs and retains on rib prior to final assembly.

Installs onto
Rib w/ Window

A force triangle ensures the Riblok® remains affixed to rib when panels are separated for service or replacement, allowing for consistent assembly setup between uses

Riblok® is a Trademark of Illinois Tool Works Inc.
