

QUICK RELEASE FASTENERS

Perfect for Quick Release & Latching Solutions!

EFC offers quick release fasteners, draw latches, solid inserts, locks, hinges, handles and customized solutions providing quick and easy latch engagement systems from low-load to heavyduty lock applications in industrial equipment. The toughness and reliability of these fastening systems ensure the security of your applications. Suitable for use in virtually any industrial applications and some with a wide range of customization options available to ensure you get the perfect fastener for your requirements.

FEATURES & BENEFITS

- ▶ Quick release fasteners are captive—they remain attached to the machine or guarding when removed.
- ▶ Provide better sealing under vibration conditions.
- ▶ Draw latches provide an adjustable method for securing machine and equipment parts that must be opened or removed frequently.
- ▶ Locks, hinges and handles offer fixings for industrial door applications.
- ▶ A wide range of finishes and coatings available.
- ▶ Ensure the security and safety of your applications.

APPLICATIONS

- ▶ Electric panels
- ▶ Machinery covers
- ▶ Railway applications
- ▶ Construction equipment
- ▶ Cabinets
- ▶ Machine guards
- ▶ Agricultural machinery
