

ROUND THERMOPLASTIC RUBBER FEET W/ STEEL SUPPORT BUSHING

Molded from thermoplastic rubber, recessed bumpers provide good traction and excellent shock absorbing qualities. A trivalent chromate plated steel support bushing absorbs the total fastener load allowing the foot to be mounted using a variety of screws or rivets without causing distortion to the foot itself. Some sizes available in Polyethylene or Polypropylene as an alternative to Thermoplastic Rubber.

FEATURES & BENEFITS

- ▶ Provide good traction
- ▶ Excellent shock absorbing qualities
- ▶ Non-marking
- ▶ Resistance to stress cracking
- ▶ Available in any color on special order
- ▶ Excellent resistance to ozone, aging and most chemicals

STOCK MATERIAL

- Santoprene™ (87 shore A)

STOCK COLORS

- Black or Medium Grey
