

TRIM-FAST™

HIGH PERFORMANCE EDGE PROTECTION SOLUTIONS

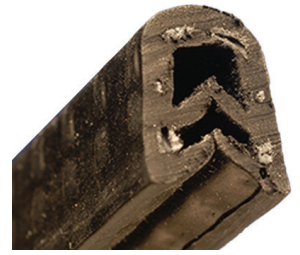

EFC INTERNATIONAL
REDEFINING THE WORLD OF DISTRIBUTION

An economical edge trim solution adding both a finished appearance and protection against abrasion.

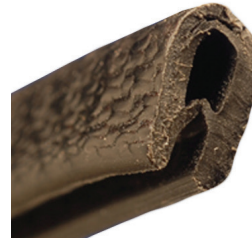

Trim-Fast Edge Trims are available in a flexible steel or stainless steel substrate covered with Silicone, EPDM or PVC, allowing for fast and easy assembly for most environments.

FEATURES AND BENEFITS

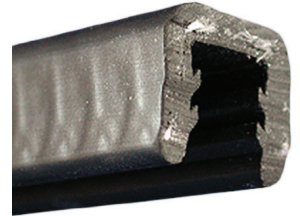

- ▶ Excellent grip strength
- ▶ Excellent resistance to abrasion
- ▶ Low and high temperature use
- ▶ Indoor and outdoor use
- ▶ Fast assembly without the use of adhesives, rivets, or screws
- ▶ Multi-axis flexibility
- ▶ Sheet thickness ranges up to 3/4" (19mm)

Silicone S Series

PVC S Series

EPDM S Series

"S" SILICONE SERIES

- ▶ FDA approved (White Silicone Material)
- ▶ Flame, Smoke and Toxicity compliant
- ▶ ASTM E 662 (Smoke Density)
- ▶ ASTM C 542 & ASTM C 1166 (Flame Propagation)
- ▶ BSS 7293 (Toxicity)

"S" PVC SERIES

- ▶ Greater flexibility for small corner radii
- ▶ Smaller profile

"S" EPDM SERIES

- ▶ FMVSS 302 (Flammability of Interior Materials)
- ▶ SAE J1885 (Interior Weatherometer)
- ▶ SAE J1960 (Exterior Weatherometer)
- ▶ SAE 200 M8BA 708 B13 21-6 (Low Temperature Flexibility)
- ▶ UL 50 and 50E Compliant, File Number JMST2.MH60351

APPLICATIONS

- ▶ Automotive
- ▶ Railway
- ▶ Aerospace
- ▶ Food service (FDA white)
- ▶ Telecommunications
- ▶ Construction
- ▶ Marine
- ▶ General industrial
